**Woodstream Corporation 6(a) (2) Report**

69 North Locust Street. Lititz PA 17543 (717) 626-2125 FAX (717) 626-1912  
Company #s 36488, 42697, 47629, 50932, 58630, 59913, 67356, 72563

**Medical Care Taken:**

Dr. Elwell said he received a call from the owner of the dogs and he recommended to have the dogs vomit prior to calling Woodstream.

**NTO Description:**

Two dogs, 40 lbs each.

**Product Use Information:**

**Intended Use:**

To kill mice and rats

**Application Method:**

Place product within 15 to 30 feet of infested areas.

**Application Rate:**

Rats - 2 to 8 bags per placement / Mice - 1 bag per placement

**Label Directions Followed**

**Comments:**

**Response to Customer:**

Gave information listed on MSDS and what was listed on the back of the box "Note to Physician or Veterinarian" This is not an anticoagulant rodenticide. If ingested, first absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic or corticosteroid. He spoke with [REDACTED] and he faxed MSDS with additional information.

**Additional Comments:**

Placed follow-up call to consumer on 4/7/09. After inducing vomiting according to labeling directions and advice by Veterinarian, the dogs appear to be in stable health and are not suffering from any related symptoms.
